22nd Sunday in Ordinary Time

From the Desk of Fr. Rick Schilli. . . During my years in youth retreat work, there was a liturgical chant that was popularly used in the liturgy – particularly at the Preparation of the Gifts: “Humble thyself in the sight of the Lord and He will raise you up!” The readings today explore both a scriptural understanding of true humility against popular and cultural trends of social status, self-importance and misplaced success. Jesus himself models for us in his Paschal Mystery what the virtue of true Christian humility is for us who are disciples of Jesus. We are urged to set aside the tendencies of societal pressure to embrace Christian virtue after the example of Jesus who humbled himself even unto death.

**RESULTS OF THE RECENT SURVEY ON PRIOTITIES
FOR EVANGELIZATION AND OUTREACH (full results next page)**

Total Survey Responses received 124:
paper surveys: 58; electronic surveys: 66

Priorities for Evangelization: (choose three)

Young Adult Catechesis	86	ranked #1
Invitation	84	ranked # 2
Adult Catechesis	75	ranked #3

Priorities for Outreach: (choose two)

Food Outreach	90	ranked #1
Assistance to Families	65	ranked #2

Let’s remember that this survey does not eliminate any methods or strategies. **It seeks to prioritize, for our future,** how we will best collaborate in the mission of the Church and the Archdiocese as it implements the ***All Things New*** plan that will be promulgated next May. During the coming months, I ask you to reflect upon how we, as parishioners at OLP, can best contribute from the best of who we are to the mission of the Church going forward. We have much to offer and in a spirit of humility and service as well as concern to the salvation of all we will begin to prepare for a new beginning. As always, I implore you to pray for the best outcomes possible from **ATN**.

WHAT TO EXPECT NEXT FROM ATN

During September and October, first draft recommendations will be reviewed by various subcommittees of the Strategic Plan before these recommendations will be published at parish meetings in late October and early November. Dates for the two meetings here at OLP have not yet been confirmed because these meetings are coordinated to be done within an 8-10 day period of time for each Planning Area so that all parishioners in a planning area will be hearing these recommendations within a tight time frame. I will let your know when those meetings will occur on our campus as soon as they are confirmed. From that point on, critique and refinement will continue through the ensuing months of discernment.

LITANY OF SAINTS

This week we ask St. Monica, St. Augustine of Hippo, St. John the Baptist and the Gregory the Great to offer us strength, hope and optimism in our prayer for ourselves and one another. Saints of God, pray for us!

Father Rick Schilli

STEWARDSHIP

"Did not God choose those who are poor in the world to be rich in faith and heirs of the kingdom that he promised to those who love him?" JAMES 2:5

What is more important – being rich in faith or rich in possessions? Society tells us that possessions are most important. God teaches a different lesson. When we are rich in faith, we keep God first and experience true joy and peace. When we put possessions first, we soon realize we can never have enough and happiness is fleeting. When we put faith over possessions we truly realize it is better to give than receive.

School Bus Safety

The Missouri State Highway Patrol encourages parents and students to keep safety in mind when preparing for the 2022/2023 school year. The school year brings about many changes in traffic pattern with school buses, children walking, and young drivers. According to a report from the MSHP, one person was killed and 217 persons were injured in traffic crashes involving a school bus in 2021. In Missouri last year, 794 traffic crashes involved school buses. The patrol offers several tips for motorists, children and parents for a safe school year.

For motorists:

Always be vigilant, but especially near school zones, playgrounds, bicycle paths and crosswalks when schools are in session.

Expect pedestrian and bicycle traffic to increase near schools on days where the weather is good.

When schools are in session, drivers should expect a change in traffic patterns. School buses, parents taking their children to school, and many young drivers will join other motorists on the road and affect the morning and afternoon commute. Whatever route you drive, expect this additional traffic and prepare by allowing extra time to reach your destination.

Jessica's Law: The easiest way to understand Missouri's stop-for-school-buses law, colloquially known as "Jessica's Law", is to remember that on a two-lane road — regardless of turn lanes — both lanes are required to come to a complete stop when a school bus is stopped and has its STOP arm extended. Motorists traveling in the same direction as a school bus — no matter how many lanes of traffic — should always stop when a school bus stops in front of them and extends its STOP arm. Children may not be aware of traffic and dart expectantly into the road.

For parents to share with their children:

When the bus approaches, stand at least three giant steps (6 feet) away from the curb, and line up away from the street. Wait until the bus stops, the door opens, and the driver says it's okay before stepping on the bus.

Use the handrails to avoid falls. When exiting the bus, be careful that clothing with drawstrings, and book bags with straps don't get caught in the handrails or doors.

If you have to cross the street in front of the bus, walk on the sidewalk or along the side of the road at least five giant steps (10 feet) ahead of the bus before you cross. Be sure the bus driver can see you, and you can see the bus driver.

Walk at least three giant steps away from the side of the bus.

If you drop something near the bus, tell the bus driver. Never try to pick it up because the driver may not be able to see you.

A school bus arm is a safety device to protect children from being struck while crossing in front of a school bus. The devices force children who need to cross the road to stand several feet in front of the bus. This ensures the bus driver can see them as they cross.

If you must cross the street in front of the bus without a school bus arm, walk on a sidewalk or along the side of the street to a place at least five giant steps (10 feet) in front of the bus and make eye contact with the driver before you cross.
